

2019: Planning for the Future

The theme at the Port of Belledune for the year 2019 is “Planning for the Future”. What does this entail? It will be a year focused on how to keep business growing. After celebrating the port’s 50th anniversary, we are now looking at how to keep it up and achieve even more to continue to be an economic driver for northern New Brunswick. We are gearing up with our valued clients and partners for another 50 years of strong operations!

Bell **f** **Let's Talk Day is January 30th.**
Grab your cell phone and send as many messages as you can!

Let's help reach their goal of surpassing the billion total messages of support for mental health and \$100 million in total Bell funding.

First Ship of the New Year!

The CSL Tarantau arrived at the Port of Belledune on January 2nd, 2019, making it the first ship of the year. On January 3rd, a celebration was held where an award was presented to Captain Sergiy Marchuk and Chief Officer Vadym Kysil.

What's Coming Up in January?

Belledune's 1st Annual Biggest Loser Event

An event to inspire and promote healthy choices, healthy competition, and encourage community support, the Biggest Loser event is taking place in Belledune, NB, from January 7th, 2019 until March 4th, 2019. For more information, contact the Village of Belledune at 506-522-3714, or check them out on Facebook!

Le Carnaval du Siffleux de Beresford

The 46th Annual Carnival will be taking place January 26th, 2019 to February 4th, 2019, and everyone is invited to take part! Events include Family Skating with Arthur the Groundhog, a magic show, a treasure hunt, a climbing wall, a talent show, and more! For more information, visit the town's website at www.beresford.ca.

What's your New Year's Resolution?

Natacha Downing
BPA Finance Clerk
“Less plastic; less social media”

Jenna MacDonald
BPA VP of Marketing, Communications, & Government Relations
“As part of my ambassadorship with Excellence NB, my resolution is to encourage everyone to shop local; drive our own economy and make simple changes that make a big difference.”

Fun Fact: the practice of making New Year's resolutions can be traced back 4,000 years ago to the Babylonians!

Tiffany Godin
BPA Cargo Development Coordinator
“To reduce my carbon footprint by reducing my waste/plastic use, which is quite a challenge in today's society!”

Jessica Vienneau
BPA Marketing & Communications Coordinator
“Embrace a minimalist lifestyle for a happy, healthy, and productive year!”
